

A new and exciting shape of paper plate! Our Café plates were inspired by the plates being used in fine restaurants and designs created by some of the most influential names in tabletop. Café plates come in two sizes both of which can be used as a plate or a serving platter. The larger Café plate is the perfect size to fit on one's lap at a party when tabletop space is at a premium. No more wobbling! Our plates are printed in colors that match easily with many different napkin designs.

Café Dinner (PRG): \$3.00
